

VIVO AQUATICS

VivoGuard

Keep your Properties compliant and safe.

When it comes to managing multiple properties, safety and adherence to local codes and regulations are top priority. With our compliance management add-on, you can rest easy knowing that your properties are safe and up-to-code.

CHALLENGE

Someone walks every pool and spa on a schedule, tests, adjusts, and writes it on a log sheet. Everything between those rounds is a blind spot leading to costly errors and potential issues that compromise your operational efficiency.

SOLUTION

VivoGuard ensures that your property is compliant.

VivoGuard helps you manage risk mitigation, safety, and compliance, so you can build and deploy the right KRIs for your properties.

Equipment
profiles

VGB, ADA,
and CPO

"At any given moment, I can see that zero percent of my pools are out of compliance. That's not something many properties can say."

Robert Barth, Pool and Spa
Operator,
Resorts World Las Vegas

KEY BENEFITS

Reduce Risk & Operational Challenges

Reduces management time required to track compliance requirements and ensure issues.

VGB & ADA Compliance

Tracking VGB compliance is a challenge with so many regulatory changes. VivoGuard provides tools to manage more efficiently.

Efficiency & Sustainability

Ensures capital investments (new equipment) are made on the best and most efficient equipment thus reducing longer term costs.

Compliance Assurance

Anticipate maintenance requirements and ensure water safety compliance.

Operational Overview

VivoGuard's analytics dashboard gives you a comprehensive view of water quality, equipment status, and compliance, using historical data and trends.

Certified Pool Operator

Ensure staff are qualified and trained, with full visibility into pool operators whose certifications have expired and accessible in person and online sessions available.

THE RISKS OF NOT HAVING A GOOD SYSTEM

What Non-Compliance Costs You

Without sufficient compliance management, a property can face real financial risk. VivoGuard's compliance management can help you avoid:

- Litigation
- Lost Income
- Property Damage
- Facility Shut Downs
- Equipment Damage
- Guest Safety Issues

Discover your key risk indicators and prevent costly mistakes

VivoGuard helps you manage risk mitigation, ensure compliance, and maintain consistent water quality. Take 15 minutes to answer a few brief questions, and our Risk Mitigation Team will gauge the pool and spa risk at your facilities.
